Shoshone-Bannock Jr. / Sr. High School Athletic Policy for School Year 2019-2020

Shoshone-Bannock Jr. / Sr. High School (SBS) exists to form and assist the whole individual, consistent with the General Education Policy established by the Tribal Education Code. All of our academic, athletic, and extracurricular programs exist to meet this objective.

The purpose of the interscholastic athletic program at the SBS is to provide student-athletes with an enjoyable and challenging athletic program which emphasizes the attainment of physical skills and strong character development. The program aims to help students develop excellent sportsmanship; strong work ethic; a spirit of cooperation; leadership skills; and personal character traits such as integrity, loyalty, humility, maturity and respect.

The fundamental basis for our program is the view that coaches are teachers and role models of the standards we expect from the student participants. Participation is open to all students who make a serious commitment to their team and who meet the credentials to participate as outlined in the Idaho High School Activities Association (IHSAA) rules.

SBS students learn a great deal from their participation in interscholastic athletics including lessons in sportsmanship, teamwork, competition, healthy lifestyles, and how to win and lose gracefully. The program plays an important part in helping the individual student develop a healthy self-concept as well as a healthy body and mind. Competition adds to our school and community spirit and helps all students and families develop pride in their school and community.

Goals

- To offer a varied program that is flexible enough to meet the needs of the novice athlete, yet strong enough to prepare the skilled athlete for higher levels of competition.
- To develop the concept of team spirit among all members of teams and coaches.
- To teach the fundamentals and techniques of each sport in a progressive, planned sequence that is appropriate for student athletes at the junior high or high school level respectfully.
- To foster the positive aspects of competitive athletics (developing the attitude that striving to win is important and that winning isn't everything), while avoiding the negative aspects of competitive athletics.

Coaches

Head coaches are responsible for monitoring students' progress towards academic eligibility for competition. The coaches' responsibility is establishing and maintaining a philosophy which fosters the highest standards of good conduct.

Student Athletes or Managers

Players are always responsible for controlling their own conduct on and off the field/court. The use of foul or disrespectful language will result in no playing time, regardless of the situation. Student athletes are responsible for promoting good sportsmanship among their teammates and their opponents. Student athletes shall respect the decision made by the sport officials, coaches and other school officials and shall not display negative actions.

Spectators

All spectators shall conduct themselves in such a way as to support and advance the values of fair play and sportsmanship. Jeering, harassing of players, coaches, or officials or any negative behavior will not be tolerated. Reports of such behavior will be reported to the SBS Principal, Athletic Director, Dean of Students or designee during the sporting event. If behavior is not changed and good sportsmanship is not displayed, spectators will be asked to leave the facilities and will not be allowed to attend any further contests for the remainder of the season.

EXPECTATIONS & STANDARDS

Participation in athletics at SBS is completely voluntary. Our school is unique in that there is a no-cut policy for all athletic teams. The school will provide facilities, coaching, transportation and equipment. Student athletes will be required to sign a statement which states they have read these expectations and standards and they will adhere to them. No student athlete will be allowed to participate in practice or an athletic competition unless this statement is signed and returned to the Athletic Director.

These expectations and standards are a supplement to the IHSAA guidelines and SBS Student Handbook and are not meant to replace them. The school reserves the right to revoke or restrict the privilege of participation if a student fails to live up to expectations and standards as outlined below:

1. As per IHSAA guidelines, student athletes must receive passing grades in five (5) out of seven (7) classes during the semester prior to the beginning of practice to be eligible to participate in their particular sport. All student athletes will maintain a 2.0 GPA or better during the semester they are participating in their sport. If a student athlete's GPA drops below 2.0, he or she has five (5) school days to satisfy the 2.0 GPA requirement. Failure to do so will cause the participant to be ineligible to participate in any scheduled contests for at least one (1) week and until he/she becomes eligible. If this is not followed, the student athlete is subject to coach or Principal discipline. Grade check forms (Progress Reports) will be given out to all student athletes on a bi-weekly (every two weeks) basis during the season. Failure to return these forms will result in student being ineligible to compete until the form is completed and turned into the Athletic Director. Students on IEPs must be in good attendance and making progress towards graduation. Athletes will still be required to attend practice.
2. Regular, punctual attendance in all classes at SBS is essential to participation in the athletic programs. A student athlete who cuts a class will be ineligible to participate in the next scheduled contest. Three violations of this policy during the season will result in dismissal from the team. If an athlete is absent from any class on a particular day, he/she may not be present or take part in any scheduled contest(s) on that day. Students with an excused absence, will not be subject to this.
3. Without exception athletic participants must turn into the coach or Athletic Director a completed Medical Eligibility Form, with physician's signature. No student athlete may participate in practice or competition until this form is completed and submitted.

4. All student athletes will be subject to an alcohol/drug test at the start of the sport's season and randomly throughout the season.
5. Student athletes and parent or guardians are financially responsible for all school equipment furnished to them. Grades and diplomas will not be issued until all equipment is returned and or paid for. The student's family will be billed for any items not returned at the end of the season. Coaches shall collect a deposit from student athletes for any and all equipment or uniforms provided by the school for the sport. This deposit will be returned to the student once any and all equipment or uniforms are returned to the school.
6. Student athletes are to be dressed in the official team uniform when representing SBS in an athletic contest. These uniforms are to be worn only for athletic competitions and not for physical education classes or recreational use. However, wearing these uniforms on a game day is permissible on special occasions.
7. Student athletes may NOT transfer from one sport to another in the same season, unless authorized by the Principal and the Athletic Director.
8. School personnel will make every effort to keep the locker rooms secure; however the student athlete is responsible for issued school equipment as well as his/her own personal belongings.
9. The locker area is to be kept neat and clean and any student athlete using school towels must turn them in to be cleaned.
10. Training supplies are very expensive and must be used wisely and carefully. Tape and under wrap are for care and prevention of injuries ONLY.
11. **All injuries of any kind must be reported immediately to the Coach. Players must allow the Coach, Athletic Director, and/or designated treatment providers to assess the injury and determine if the student athlete should continue participating.**
12. Student athletes and coaches are to travel as a team to and from contest, unless special arrangements have been made with parents or guardians, and the coach.
13. Athletic practice and play areas will be specifically scheduled for teams. A team is to have exclusive use of its facility during the assigned time and all members are to leave at the end of the time.
14. Student athletes and coaches are responsible to know and meet the eligibility requirements of the IHSAA. Website: www.idhsaa.org. A copy of this can be obtained from the Athletic Director.
15. Student athletes involved in several activities will be responsible for knowing their schedules so conflicts can be resolved early. This might include athletics, community service, after school projects, college entrance exams, etc. Corrective action for frequent lateness to practice will be decided by each individual coach.
16. All student athletes are valuable members of their respective teams. If students have concerns regarding their position on the team, the issues should first be taken up with their coach. If necessary, the Athletic Director may also become involved in order to resolve the issue(s).
17. Eligibility shall be checked once semester grades have been finalized for student athletes wanting to participate in a sport the following semester.
18. Student athletes who are placed on academic probation may remain on their athletic team, as long as they abide by the contract they establish with the Principal or Dean of Students. If the contract is broken, the student may not participate in any team activities for one week. If the contract is broken a second time during the season the student will be dismissed from the team.
19. In the interest of safety and fairness, students on athletic teams must practice ten (10) days before being eligible for competition. During the season, a coach may require student athletes to participate in a specified number of practices in order to attend and/or participate in a competition.

20. Drugs, alcohol and tobacco have no place in school or at school athletic functions. Any student found in violation of the student drug, alcohol and tobacco use policy will be subject to the SBS Student Handbook. Furthermore, the following corrective action will apply;
1. Possession or use of controlled substance or drug paraphernalia on school premises will result in suspension from all athletic events and practices for two (2) weeks. In addition, enrollment in a drug, alcohol, and tobacco education course or treatment program may be recommended by the coach during the suspension period. Alcohol/Drug tests can be administered at any time to any student athlete throughout the season per Principal request.
 2. The distribution of controlled substances of any type will normally result in complete suspension from any affiliation with any SBS teams for a period of no less than one (1) school year.
 3. The use of performance enhancing drugs/supplements is prohibited.
 4. Referrals will be coordinated by the Dean of Students and partnerships with Tribal Service Providers and/or Health West to assist students with their dependency on drugs, alcohol, and/or tobacco.
21. Coaches are to monitor that there is absolutely no hazing or bullying by any athletic team member. Any hazing or bullying incident must be immediately reported by any member of the coaching staff to the Athletic Director and Principal. The student athlete(s) involved in the hazing or bullying incident will be considered ineligible to practice or play until the incident is investigated and reviewed by the Athletic Director and Principal. Student athletes are required to immediately report every incident of hazing or bullying to the Coach or Athletic Director.
22. The Principal, Athletic Director and the Coach reserve the right to declare an athlete ineligible at any time throughout the school year because of negative attitude towards studies or because of other circumstances.
23. Student athletes may be recommended to participate in any and all after school programs to help support them in the academics.

RULE 8 - INDIVIDUAL ELIGIBILITY

These rules determine a student's eligibility to participate on a school athletic team or in specific competitive activities.

8-1 ACADEMIC

To be academically eligible for athletics, a student must be enrolled full-time in his/her school, on target to graduate based on State Board of Education graduation requirements, and have received passing grades and earned credits in the required number of courses during the previous reporting period.

Equivalency is determined by the following criteria:

- | | |
|---------------------|--------------------------|
| 3 classes attempted | must pass all three |
| 4 classes attempted | must pass at least three |
| 5 classes attempted | must pass at least four |
| 6 classes attempted | must pass at least five |
| 7 classes attempted | must pass at least five |
| 8 classes attempted | must pass at least six |

- Students participating with a cumulative GPA below 2.0 must have an academic improvement plan in place as developed by the local school district. This plan must include monitoring, additional assistance, time provided for assistance, and an appropriate timeline. (The number of students with an academic improvement plan will be reported on the Eligibility Verification Report.)
- Being "on target to graduate by State Board of Education requirements" means: a student not having the necessary number of credits to graduate with their class through the normal school day program, must have a graduation plan that provides for receiving a diploma by the end of the summer following their senior year in order to be eligible for activity participation. (The number of students with a graduation plan will be reported on the Eligibility Verification Report.)
- Schools may adopt stricter academic eligibility policies.

For entire I.H.S.A.A. Handbook,
see: these are only highlights
www.idhsaa.org

8-1-1 Credit is granted for an approved course meeting for five periods a week, for the prescribed 18 weeks (semester) or an approved equivalent. Approved trimester scheduling is acceptable. Approval of equivalent scheduling must be approved by S.D.E. (See 8-1 to determine equivalent scheduling.)

8-1-2 An approved course is one which is taken for credit toward graduation. A college credit course that is also allowed for high school graduation is acceptable.

8-1-3 When a student from a member school enrolls in any college course, summer school, night school course, or correspondence course approved by the Idaho State Department of Education and such student desires to have the credits count toward IHSAA scholastic eligibility requirements, the student must obtain written approval from the high school principal stating that each specific course credit will be accepted and counted toward graduation.

8-1-4 An incomplete or conditional grade received at the end of a semester counts as a failure until the deficiency is removed.

8-1-5 A student must have satisfactorily completed the preceding semester/trimester and the academic eligibility requirements to be eligible for the current semester/trimester.

8-1-6 For students enrolled in an approved special education program in which the I.E.P. is the standard of measurement for progress toward graduation, the district shall verify that the student is making satisfactory progress and meeting the standards of the I.E.P.

8-2 AGE

A student becomes ineligible for athletics upon completion of the sport season in which he/she turns twenty (20) years of age.

8-15 ALTERNATIVE HIGH SCHOOL ELIGIBILITY

Students enrolled in and attending an alternative school program, who compete in IHSAA sponsored athletic programs, must comply with the IHSAA Individual Eligibility Rule.

General guidelines for students attending alternative programs:

- The student must comply with the eligibility requirements of the member school along with the eligibility requirements of the IHSAA.
- A student attending a cooperative alternative program of which his/her home school is a member would be eligible to participate in the school of his/her home (attendance) district.
- A student wishing to compete for another member school of the cooperative alternative program must request a waiver of the transfer rule.

8-4 AMATEUR STATUS

- 8-4-1 A student who represents a school in an interscholastic sport shall be an amateur in that sport. An amateur athlete is one who engages in athletic competition solely for the physical, mental, social, and pleasure benefits derived therefrom. An athlete forfeits amateur status in a sport by:
- Competing for money or other monetary compensation (allowable travel, meals and lodging expenses may be accepted).
 - Receiving any award or prize of monetary value that exceeds the guidelines approved by the IHSAA (Scholarships to institutions of higher learning are specifically exempt).
 - Signing a professional contract in that sport.
- 8-4-2 Amateur status will not be jeopardized by accepting a nominal, standard fee or salary for instructing, supervising or officiating in an organized youth sports program (school or non-school) or recreation, playground or camp activities.
- 8-4-3 A student may receive the benefits of participation in carnival type / luck-of-the-draw / lottery style activity that is open to the general public. This type of competition must be limited to individual type competition and not put one contestant against another.
- 8-4-4 A high-school student who loses amateur status may apply to the Association for reinstatement in the interscholastic program.

8-5 AWARDS

- 8-5-1 A student may not receive cash of any amount or an award, playing equipment or prize, which exceeds the retail value amount of \$500, including, but not limited to, attendance at an instructional camp or all-star game.
- 8-5-2 A student is governed by IHSAA rules when he or she participates in IHSAA competitions. If a student competes outside the IHSAA sports season, awards are governed by the amateur governing body of that sport. If no regulations exist for that sport, 8-5-1 is in effect.

8-6 ELIGIBILITY RULE WAIVER REQUEST

- The Board of Directors has the authority to waive an eligibility rule when, in the opinion of the Board, the rule fails to accomplish the purpose for which it is intended. An eligibility committee of the Board will consider each case after the committee receives an *Eligibility Regulation Waiver* form, which must be completed and submitted by the principal of the school the student will be attending. The request should include any hardship that has a bearing on the case.
- 8-6-1 A written notification of the committee's decision will be sent from the Executive Director. The decision of the eligibility is final unless the decision is appealed to the Board of Directors.

8-7 ENFORCEMENT

- 8-7-1 The administration of the member schools shall be responsible for administering and enforcing eligibility rules, and shall have the responsibility of educating and guiding students in the rules of eligibility which govern member schools of the Association.
- 8-7-2 In the event an ineligible student is discovered to have participated, the member school principal shall:
- Immediately notify the IHSAA office.
 - Send a written report to the Executive Director and the District Board of Control Secretary. The report must include the name of the ineligible student, the cause of ineligibility, dates of contests in which the student participated when ineligible, and how the error was made.
 - Declare the student ineligible for further competition until notification of a decision has been received from the Executive Director.

8-8 ENROLLMENT / ATTENDANCE

- 8-8-1 A participant shall be enrolled in the school sponsoring the team on which he/she participates unless the school is in an approved cooperative program or the participant is in compliance with Rule 8-16.
- 8-8-2 A student is enrolled to athletic eligibility, providing all other eligibility requirements are met, for eight consecutive semesters after the student first enrolls in the ninth grade. The semesters of eligibility continue to be spent even though a student might not participate every semester.
- 8-8-3 No student shall be permitted to participate in more than four seasons of any one activity or more at the high school level.
- 8-8-4 No student shall be permitted to participate in more than one season per sport each school year.
- 8-8-5 Students who have not entered the ninth grade, but are taking the credit equivalency of a full-time high school student, may compete in interscholastic athletic contests against high school students. If the student does compete, however, that season will mark the beginning of his/her eight semesters of eligibility.

- 8-10 **GRADUATES**
- 8-10-1 A graduate of any high school is ineligible for participation in interscholastic activities. Exception: A newly graduated student who participates in a spring sport will remain eligible until the end of that sport's season.
- 8-10-2 A student who has earned sufficient credits to graduate in less than eight semesters may remain eligible, providing the student does not actually graduate and is enrolled in and attending the high school as a full-time student.
- 8-11 **OUTSIDE COMPETITION**
- 8-11-1 Outside competition is defined as a student who competes in organized, non-school contests or events after the starting date of the high school season in that sport, except as provided in Rule 12.
- 8-11-2 Violation of this rule will result in the following:
- The student will be ineligible for the next regularly scheduled contest plus an additional regularly scheduled contest per infraction. Regularly scheduled contests include: season contest, district, and state.
 - Infractions will be reported to the District Board of Control, who may levy additional fines or penalties.
- 8-11-3 A second violation during the four years of eligibility by that student of the outside competition rule will result in the following:
- The student will be ineligible for the school team for the remainder of that sports season.
 - Additional assessments may be possible.
- 8-11-4 Contests may not be scheduled to create eligibility.
- 8-12 **PRACTICE BEFORE CONTESTS**
- 8-12-1 Practice is defined as a scheduled physical fitness activity designed for the preparation of athletes for the ensuing sports season. Practices must be conducted under the supervision of the school coach or supervisor.
- 8-12-2 A student must have ten days of practice prior to the day of the first contest of an interscholastic athletic competition season. Football and wrestling participants must have ten days of practice in that sport.
- The day of the first scheduled contest shall not be allowed to count as one of the ten days in meeting the ten-day practice rule.
 - Athletes who have participated in an IHSAA sanctioned sport during the preceding sport season may count ten days of practice/or games in the previous sport during a three week period prior to the first contest of the current sport.
 - Participation in physical education classes does not constitute a practice.
 - A student may count only six days of practice in a seven-day calendar week (with the week beginning on Sunday) towards his/her required ten days of practice.
- 8-12-3 A school team may compete in one officially sanctioned jamboree in each sport during the school year prior to the first competition in that sport.
- Jamborees must be registered through the Idaho Youth Endowment for Activities Foundation.
 - In the sport of football, a participant must have ten days of practice before they can participate in a football jamboree.
 - In the sport of wrestling, a participant must have five days of practice before they can participate in a wrestling jamboree. Wrestling jamborees must follow the take-down tournament format. The jamboree may count as one of the wrestlers ten days of practice.
 - In all other sports, a jamboree may be scheduled prior to the first contest in that sport and count as one of the ten days of practice.
- 8-13 **RESTRICTIONS**
- 8-13-1 Moving to another school district or school does not remove an ineligibility ruling by the preceding school or the Eligibility Committee.
- 8-13-2 A student who becomes ineligible under the rules of another state cannot remove that ineligibility simply by transferring to an Idaho high school.
- 8-13-3 Ineligible students may practice but must not appear in uniform or represent a school as a competitor.
- 8-14 **TRANSFERS**
- A student is eligible at the school the student enters for the first time at the beginning of the ninth grade. A student who changes from one school to another school thereafter is subject to the regulation under this transfer rule.
 - The IHSAA does not recognize transfers for athletic purposes. A student who changes schools for athletic purposes will be ineligible for interscholastic extracurricular activities for one year from the date of initial enrollment and attendance at the new school.
